

Use of accreditation logos

Accredited members

Once an accreditation application is approved, Members can use the accreditation logo provided to them.

Accreditation logos may be used:

1. in email signatures,
2. on business cards, and
3. on a website as post-nominals related to the accredited individual (ie. on 'About' or 'Team' pages).
The member logo must not infer accreditation of a business.

Use is approved strictly on condition that:

- logos are only placed on a white background, and
- they are not altered in any way.

NOTE: There are no member logos for Student, Affiliate and Honorary Members.

These Members may only use the phrase 'Member of NZISM' in their email signatures/business cards.

Certified Fellow

Certified Professional

Professional

Practitioner

On no account should any Member use the NZISM primary logo as a substitute.
