Making H&S training fun again

This is an NZISM event not to be missed!

Come along to this interactive NZISM event like no other! Fire Security Services are coming along to talk about how to make health and safety training interesting, engaging, informative and fun!

Expert trainer, Glenn Ayo will explore ways to get the attention of all participants and show the value of training. These techniques will help you in your training sessions, or help you choose the best training providers for your organisation.

Oh, and did we mention VR? We'll be bringing along our state-of-the-art Virtual Reality Fire Extinguisher Trainer! Fight fire without fire and have a go on the same technology that's used to train NZ's fire fighters. It's innovations like these that ensure your staff are trained right, and they even have fun along the way.

See you there for an engaging session and some lunch!

Speakers

Glenn Ayo

Glenn is the Bay of Plenty Fire Safety Trainer for Fire Security Services. Glenn has years of training experience across many industries. An expert in working with youth and migrants, Glenn digs deeper to ensure that everyone in the classroom is engaged.

Adele Preston

Adele is the Marketing and Product Lead for Fire Security Services. Adele developed the training programs with trainees at the forefront to ensure they have positive safety training experiences.

Please register for this event this week so we can give our presenters the numbers for lunch

Bay of Plenty branch is hosting a series of early morning coffee catchups, conveniently dotted around different parts of the region.

Why not kick the day off with some coffee and maybe a bite of brekkie, plus a shot of motivation from other branch members. Members of the Bay of Plenty Branch Committee will be there to welcome you.

Please register to let us know if you can make it so we can book table space.

Regards

Kerry Snowden
