Helping to make your workplace safer

Introducing ACC workplace injury
prevention grants and subsidies

DATE: March 2021

**He Kaupare. He Manaaki.
He Whakaora.**
[prevention.care.recovery.](https://www.acc.co.nz/prevention/care/recovery)

TOO MANY NEW ZEALANDERS ARE BEING INJURED OR KILLED AT WORK

How are we supporting businesses?

To help businesses make health and safety improvements we need to:

- **reduce barriers to make health and safety improvements**
- **make it easier to access services and advice to improve health and safety commitment**
- **better recognise and reward strong health and safety performance**
- **encourage collaboration within and across industries to make health and safety improvements that benefit multiple businesses.**

We know you want to make your workplace safer for your people, but sometimes you need a hand to make improvements.
We want to help

WORKPLACE INJURY PREVENTION SUBSIDIES

SUBSIDY DETAILS

- Are open to small to medium businesses (typically 6 to 99 employees)
- Amount of the subsidy varies depending on business size and sector

More information

- Visit acc.co.nz/workplace-injury-prevention-subsidies

WORKPLACE INJURY PREVENTION GRANTS

Grants

Grants provide funding for organisations to help solve workplace health and safety problems that affect multiple businesses in an industry or supply chain.

For example, investing in:

- Engineering solutions to reduce the risk of injury in the logging industry
- Understanding how to develop injury prevention resources for low literacy workers
- Designing innovative learning modules to coach workers to increase their risk management skills removing geographical barriers i.e. on a trawler out at sea.

Innovation

**System
capability
development**

WORKPLACE INJURY PREVENTION GRANTS

Who can apply for a grant?

Grants are open to organisations that can:

- Demonstrate health and safety leadership and collaboration with other partners in their industry or supply chain
- Create benefits contributing to improved health and safety in New Zealand for multiple workplaces
- Organisations can apply for between \$50,000 to \$500,000 (excl. GST) per year for a maximum of three years

More information

- Visit - www.acc.co.nz/injury-prevention-grants
- Sign up for updates - email us your name, industry and organisation to: InjuryPreventionGrants@acc.co.nz
- Next funding round opens June 2021

WORKPLACE INJURY PREVENTION GRANTS

Examples of recipients from - Grant Round 1

BECA - \$258k

- develop an immersive virtual reality induction programme for the construction sector

Construction Health and Safety New Zealand (CHASNZ)

- Develop advanced predictive analytic techniques and better data collection to inform strategies and solutions.

Food Grocery Council - \$1.5M

- Establish a new health and safety sector leadership group to design injury prevention initiatives in the food and grocery retail and supply chain.

Forestry Industry Safety Council (FISC) - \$1.5M

- Research, design, and deliver a range of intervention programmes and training for use of machines on slopes.

Auckland, Hawke's Bay and Hutt Valley District Health Boards (DHBs) – \$1.5M

- Conduct research and improvement projects to better understand health and safety in the supply chain with 600 suppliers throughout the three DHBs.

WORKPLACE INJURY PREVENTION GRANTS

Examples of recipients from - Grant Round 2

The Cause Collective – \$1.5 million

- Develop a framework for behaviour change in the H&S at the workplace by using: indigenous knowledge and belief systems

Te Whare Wānanga o Awanuiārangi – \$1.2 million

- 'Haumarū Tāngata' will develop a culturally responsive workplace injury prevention kaupapa Māori framework which prioritises Mātauranga Māori.

NZ Federation of Commercial Fishermen – \$248,000

- Develop and deliver health and safety training and practices to a mobile and wide-spread workforce.

IMPAC Services Limited – \$300,000

WORKPLACE INJURY PREVENTION GRANTS

Examples of recipients from - Grant Round 2 continued...

E Tū – \$125,000

- Establish a worker leadership framework for improved health and safety decision-making. With a special focus on Māori, Pacifica and migrant workers.

AW Trinder Limited – \$200,000

- Produce an automated throwing, tensioning, retrieval and stowage system for load binding tie-down chains on hauling trucks.

IMPACT INVESTMENT FUND

We've launched a new \$50 million Impact Investment Fund and are now seeking companies to invest in.

The portfolio will seek investments that will:

- improve health and wellbeing
- advance health and safety standards in New Zealand
- improve the rehabilitation experience of those on ACC
- assist in the reduction of ACC s claims liability.

If this sounds like you, email our Private Markets team.

Tauranga-based Robotics Plus is the first successful opportunity for our new Impact Fund, The technology being developed by Robotics Plus is designed to keep forestry, agriculture, and transport workers safe
