

## **NORTHLAND BRANCH**

### **KEY NOTE PRESENTER: Moni Hogg**

Thursday 30 July 2020  
4:30 pm – 6:30 pm  
Building and Fire Services (2008) Ltd, 30 Kioreroa Road, Whangarei

## **Safety Differently/Safety II**

Northland branch is pleased to be hosting Moni Hogg in July.

Moni is a Safety Differently Coach with a track record of success using modern adaptive methods since 2015. She has spent four years in New Zealand's innovation sector as the first Safety Lead for Rocket Lab since 2017 and prior to, Fletcher Construction's house-in-a-day project. She was a 2019 Finalist for an HRINZ Award for leading the implementation of Safety Differently at Rocket Lab.

Moni's raft of experience includes 23 years in operational and safety consulting roles with Fletcher Building plus other high-risk industries including construction, agriculture, manufacturing, engineering and transport. She was a facilitator for six years as an Impac Services Associate.

### **SAFETY DIFFERENTLY IN PRACTICE**

Modern safety philosophies are being increasingly referred to in mainstream safety literature and at professional practice conferences, but what do they look like in practice? What does 'people as the solution' look like in an organization.

### **THE POWER OF 'AND'**

A common misconception of modern safety philosophies such as Safety I & Safety II is the idea that they are dichotomous - that there is a 'right' and 'wrong' way. Instead, how can we build a roadmap to evolve into Safety II?

In this session Moni will draw upon audience experiences and concerns, using real-world examples to unravel some of these challenges.

**Numbers are limited so please be sure to confirm your seat by  
Wednesday 15 July 2020 to email: [northland@nzism.org](mailto:northland@nzism.org)**

**Opportunity may be available to offer remaining seats to non-NZISM members**
