Pike River Recovery  
Agency*

**IZAACK CONNAUGHTON**  
*Launch Safety and  
Regulatory Affairs Manager,  
Rocket Lab*

## NATIONAL HEALTH AND SAFETY LEADERS' SUMMIT

HAZARDOUS SUBSTANCES  
MANAGEMENT FORUM

FREE SEMINAR SERIES  
AND INDUSTRY EXPO

CONFERENZ.CO.NZ/**SAFETY360**

# SAFETY 360

**SAFETY360** brings together the key elements of the previous events all on one floor at a new venue - Vodafone Events Centre in Manukau, a hub for health and safety professionals in New Zealand.

The event will see the return of the popular **NATIONAL HEALTH AND SAFETY LEADERS' SUMMIT** as a 2-day paid conference and **HAZARDOUS SUBSTANCES MANAGEMENT FORUM** as a paid 1-day conference. As a core feature, the **FREE SEMINAR SERIES** will provide engaging and relevant content across the Safety Industry.

Safety360 is refreshed for 2019 and provides a streamlined platform for industry trends, insights and updates for health and safety professionals all on one level at a new venue.

Our new format brings together the Health & Safety Leaders' Summit, Hazardous Substances Management Forum and **EXTENSIVE FREE SEMINAR SESSIONS** within the **INDUSTRY EXPO**.

**MORE FOR FREE** - previously paid for content covering Health and Wellbeing and Occupational Health is now in the **FREE SEMINAR SESSIONS**.

Hear the latest in health and safety, including technological advancements, behavioural safety, culture and workplace mental health and wellbeing.

Get the latest developments in case law and legislative updates! Providing all the information PCBU's need to be compliant.

## NATIONAL HEALTH AND SAFETY LEADERS' SUMMIT

The future of health and safety: leadership, culture and innovation.

### KEY TOPICS:

- Mental health in the workplace
- Safety in organisational culture
- Emergency response management
- Injury prevention management

## HAZARDOUS SUBSTANCES MANAGEMENT FORUM

Coming together to understand the balance of long-term effect, compliance and practicality of managing hazardous substance.

### KEY TOPICS:

- Dynamic risks in life-changing situations
- Measuring the risks to workers health
- Industry talks on hazardous substances

# SAFETY360 FREE SEMINAR THEMES

## HEALTH AND SAFETY

Vital updates in health and safety practices and developments

## HAZARDOUS SUBSTANCES MANAGEMENT

Understanding the long term effects and future of hazardous substances

## OCCUPATIONAL HEALTH

Covering the essentials and new developments within Occupational Health

## HEALTH AND WELLBEING

Providing integral information on Health and Wellbeing to industrial sectors

Provided as a free event, the Safety360 Free Seminar Series is a must-attend event to get your updates in health and safety, hazardous substances, occupational health and health and wellbeing. What makes 2019 different is that previously paid content is now accessible to all.

Safety360 returns to showcase the latest innovations and technologies within the health and safety sectors. Come along to meet with industry leaders, network with your peers and gain insight into the evolving world of health and safety in New Zealand.

### WHY SHOULD YOU ATTEND SAFETY360 IN 2019?

1. Customise your experience across three health and safety events
2. Network with peers and see what others are doing to make health and safety a priority
3. Connect with exhibitors at the INDUSTRY EXPO, see the latest workplace safety products & solutions
4. Catch the free-to-attend seminars showcasing the latest developments in health and safety, health and wellbeing and occupational health

## HOW IT WORKS

Register to attend one of the 2 paid Conferences

- National Health & Safety Leaders' Summit (2 DAYS FROM \$1799)
- Hazardous Substances Management Forum (1 DAY FROM \$999)

### PAID COMPONENTS

Expo and Seminars are free to attend

WITH ONLINE REGISTRATION

### FREE TO ATTEND

# NATIONAL HEALTH & SAFETY LEADERS' SUMMIT

26 March 2019 - Day One

THE FUTURE OF HEALTH AND SAFETY: LEADERSHIP, CULTURE AND INNOVATION

HEADLINE SPONSOR

safe365  
INTELLIGENT HEALTH & SAFETY

8.30 Registration and coffee

9.00 **Opening remarks from the Chair**

**Frana Lindsay, Health and Safety Manager, NZME**

9.10 **International Keynote: Why behavioural safety is the key to a strong safety culture**

- Redefining behavioural safety to ensure employee engagement and understanding of safety culture
- The role of leadership in safety culture and worker behaviour
- Harnessing the effect of feedback and positive reinforcement for long-lasting change in your organisation

**Vanessa Colmer, Chief Advisor, Safety, Rio Tinto (Australia)**

9.50 **Integrating safety into organisational culture**

- Digging into culture change strategy in high risk industries
- Integrating safety as a complete function into organisation's culture
- Understanding the difference and connection between an organisation's culture and their safety climate

**Monika Wakeman, Director - Risk Advisory, Deloitte**

10.30 Morning break

11.00 **Driving culture change and capability through technology**

- Learning how technology is an enabler to building a strong health and safety culture
- Recognising how analytics play an effective role in safety culture
- Looking at how health and safety leaders can capitalise on technology

**Nathan Hight, Co-founder & Director, Safe365**

11.30 **Emerging case law from Health and Safety at Work Act 2015**

**Grant Nicholson, Partner, Kensington Swan**

12.00 **The connection between training, competency and changing mindsets**

- Asking the right questions to connect training, competency and mindsets as equal contributions to safety culture
- Developing comprehensive yet interactive materials and ensuring employees understand the language being used to increase engagement
- Leveraging a high commitment to safety from leadership to employees through training, competency and evolving mindset

**Brett Murray, CEO, Site Safe New Zealand**

12.30 Lunch break - sponsored by

TELETRAC NAVMAN

1.30 **International Keynote: Safety performance**  
**1. Safety II – measuring safety performance on things that go right**

- Utilising best practice from Safety II into the workplace
- Learning how to prepare for all possible incidents and measure organisational performance on safety across possible varying conditions
- Leveraging and preventing the emergence of a possible safety failure

**2. Integrating 'Safety Differently' into your health and safety initiatives**

- What is different in 'Safety Differently'?
- Leading with ethical responsibility to those who work in high risk environment
- Exploring different approaches to safety performance

**Kurt Warren, HSE Lead – Central HSE, Laing O'Rourke (Australia)**

2.10 **CEO Panel: Building maturity in safety governance**

A framework that is efficient in safety governance begins when building a culture of safety that stems from leadership. Leverage the relationship between leaders and the organisation in setting safety governance at the right level

- Learning how to become an agent of change in governing safety
- Understanding what safety governance is and how it improves organisational culture
- Reporting and board – what it means to be transparent around risk

**Wayne Scott, CEO, Minex**

**Brett Murray, CEO, Site Safe New Zealand**

**Fiona Ewing, National Safety Director, Forestry Industry Safety Council (FISC)**

**Professor Andrew Sharman, Chief Executive, RMS Switzerland**

3.00 Afternoon break

3.30 **Key developments in the health and safety workforce**

This session will have quick yet deep overviews of key issues, possible solutions, worker demographics and workforce trends.

**1. Shortages and competitions in talent and skills across industries**

**2. Workforce is ageing, and the retiree not retired**

**3. Emergence of remote and lone working**

4.20 **Keynote: Assessing risk – re-entering the Pike River mine drift**

Risk assessment is an iterative process that does not start and finish in the planning stages.

**Dave Gawn, Chief Executive, Pike River Recovery Agency**

5.00 **Summary remarks from the Chair & Networking Drinks**

# NATIONAL HEALTH & SAFETY LEADERS' SUMMIT

27 March 2019 - Day Two

THE FUTURE OF HEALTH AND SAFETY: LEADERSHIP, CULTURE AND INNOVATION

Register today  
from \$1799+GST

9.00 Welcome back from the Chair

9.10 **Keynote: Steps toward safety innovation**

Organisations that do not evolve their approach to health and safety cannot expect to improve their performance levels. But how can organisations responsibly explore new ways of enabling desired outcomes? Drawing on learnings from case studies, this presentation will outline ways for organisations to start thinking differently how they go about health and safety management.

**Daniel Hummerdal**, *Chief Advisor, Health and Safety Innovation, Worksafe*

9.40 **International Keynote: The proactive leader – building trust between the employee and the workplace**

- Building trust and being trusted with safety in the workplace
- Understanding the importance of availability and visibility of leaders supporting safety in the workplace
- Raising awareness by asking the right questions when employees are unaware that they are potentially in a high-risk situation

**Professor Andrew Sharman**, *Chief Executive, RMS Switzerland*

10.40 Morning break

11.10 **Why a physically intelligent workforce matters**

Learn the science behind what you can do to take people from unsafe, to effective safe movement habits. This session will cover:

- What it takes for manual handling training to work long term
- Improving on traditional training models that have had minimal impact in reducing injury rates and improving worker wellbeing
- Developing an effective training methodology to ensure positive and long lasting change in movement habits and a resultant reduction in injuries

**Alison Richmond**, *Owner & Director, Provention*

11.30 **Mental health: Reducing the risk of 'psychological injury'**

Take the lead and leverage employee engagement and mental health awareness as key drivers to building a strong culture. This session covers:

- The rise of stress and bullying in high risk industries
- Long term approach to building and maintaining resilience in the workplace
- Understanding the core of trauma management

**Keith McGregor**, *Director, Personnel Psychology*

**Case study: High reports of mental health issues linked to high risk industries: A closer look at the construction crisis**

12.20 Lunch break

1.20 **Failure to learn from fatal injury – understanding injury data**

Increasing research has shown that injury prevention techniques have been dismissed and are leading to workplace-related injury.

- Understanding the true burden of work-related fatal injury in New Zealand
- How are common injury prevention failures leading to preventable deaths in New Zealand workplaces?
- Exploring how national fatal injury data can improve safety culture and outcomes in your organisation

**Dr Rebecca Lilley**, *Senior Research Fellow, University of Otago*

1.50 **Key findings from recent workplace investigations**

**Tony Rigg**, *Director, 360 Safety Solutions*

2.20 Afternoon break

2.40 **Structuring a High Reliability Organisation (HRO)**

When working under extreme pressure and in a high-risk environment, minimising workplace incidents through prevention and strong organisational design is essential. Learn how to:

- Address what might fail and putting in systems to prevent it
- Embrace complexities and get to the root of the problem

**Izaak Connaughton**, *Launch Safety and Regulatory Affairs Manager, Rocket Lab*

3.20 **Safety II and the human factor - a human factor's engineer's view**

- Safety II / Safety Differently – what could make or break the paradigm
- The role of human factors in Safety – not just behaviour, culture and wellness
- Reminding everyone about safety I and the lessons to be learnt to ensure success
- Should we prepare for the future now – what could Safety III look like

**Karl Bridges**, *Managing Director, HfEx Ltd*

4.00 **Closing remarks from the Chair and end of conference**

# HAZARDOUS SUBSTANCES MANAGEMENT FORUM

26 March 2019

Register today  
from \$999+GST

COMING TOGETHER TO UNDERSTAND THE BALANCE OF LONG-TERM EFFECT,  
COMPLIANCE AND PRACTICALITY OF MANAGING HAZARDOUS SUBSTANCES

8.30 Registration and coffee

9.00 **Opening remarks from the Chair**  
**Dr Jim McLeod, Independent Occupational Health  
Adviser & Director, Robust Medic**

9.10 **Worksafe Address**  
**Representative from Worksafe**

9.50 **Modernising New Zealand's chemical  
management regime**  
**Dr Fiona Thomson-Carter, General Manager,  
Hazardous Substances & New Organisms,  
Environmental Protection Authority**

10.30 Morning break

11.00 **Utilising the 3Cs in contractual management-  
working together to Consult, Co-operate and  
Co-ordinate**

- Understanding and sharing responsibilities for health and safety of workers under multiple management
- Learning what it really means to collaborate and achieve a goal when working together in hazardous substances management
- Looking at how to balance the 3Cs and provide strategic direction for good leadership and culture

**Tim Clarke, Partner, Bell Gully**

11.20 **Measuring the risks to workers health from  
the effects of hazardous substances**

- Looking at the measurement of hazardous substances in workplace atmospheres
- Understanding what a good monitoring strategy looks like
- What should an employer and worker know?
- Knowing what should be in a good report so that you can actively manage the risk to the worker

**Derek Miller, Occupational Hygienist**

11.40 **Future of Managing Hazardous Substances**

12.00 **Balancing between being compliant and  
being practical when designing and building  
hazardous protected facilities**

Understand how to move the chemical industry in New Zealand forward through:

- Learning how to operate a refinery that complies with HSNO regulations and is practical
- Understanding how to alleviate the shortages in test certifiers
- Ensuring the right steps when planning for a total site rebuild after an incident

**Barry Lawrence, Technical Director -  
Industrial Sector, AECOM**

12.30 Lunch break

1.30 **Managing the effects of hazardous substances  
on the environment**

- Minimising harm to living organisms and workers from hazardous substances
- Implementing innovative solutions in managing hazardous substances
- Understanding the long term benefits of regulating exposure and managing risk to the worker

**Rex Alexander, Technical Director,  
Envirocom (NZ) Ltd**

2.00 **Lightening Talks: Model framework for  
managing hazardous substances**

With views from:

- Healthcare industry
- Agriculture industry

2.30 **Evaluating competencies in managing  
hazardous substances**

- What are the changes in regulation requirements in this space?
- Understanding the measures to cover competency and tailoring to employees' needs
- Examining case studies from various settings in setting training needs analysis
- Looking at the link between competency and safety differently

**Dr Susan Edwards, Principal Consultant,  
Rivelin Safety**

3.00 Afternoon break

3.30 **Emergency response in making quick life-  
changing decisions**

4.00 **Summary remarks from the Chair**

**Joint Keynote session with the National Health  
and Safety Leaders Summit**

4.20 **Keynote: Assessing risk - re-entering the Pike  
River mine drift**

**Dave Gawn, Chief Executive, Pike River  
Recovery Agency**

5.00 **Networking Drinks**

# SAFETY360 FREE SEMINAR SERIES

26-27 March 2019

All Sessions Are 30 Minutes

FREE TO ATTEND  
Pre-registration advised

## YOUR PRACTICAL HEALTH AND SAFETY SESSIONS

TIME	THEME	SESSIONS: 26 MARCH 2019
